Introduction

Join a voyage of discovery to Antarctica - our planet's last frontier - a mysterious and virtually pristine paradise. Our ice-strengthened expedition ship is ideally suited to cruising in this icy wilderness and the expert staff will ensure that you fully appreciate the majesty of all you encounter. The end result is more like a private expedition than a traditional cruise. Sail the Drake Passage past the South Shetland Islands, explore the western coast of the Antarctic Peninsula and cross below the fabled 66.5 degrees south. Experience massive rookeries of penguins shuffling across a frozen shore, pods of whales gliding through the cold waters and dramatic landscapes floating off into the distance. This trip will be like no other and a memory of a lifetime.

Itinerary

DAY 1: Arrive in Ushuaia

Arrive in Ushuaia at any time. Arrival transfer is included. Enjoy the sights and sounds of the world's most southerly city. There will be a welcome desk in the lobby of the start hotel that will provide more specific information on your upcoming adventure. Please note that the first night in Ushuaia is on twin share basis. If you're travelling solo or have an odd number of travellers in your group and have not purchased a private cabin, you will be paired with another solo traveller of the same gender.

DAY 2 - Embarkation

Duration

14 Days

Enjoy a free morning in Ushuaia, to do any last minute shopping, explore the town, or visit the surrounding countryside.

Embarkation on the MS Expedition begins in the afternoon at the port in Ushuaia. You and your fellow passengers will take the group transfer to port to begin your journey.

Once onboard, enjoy the evening sailing through the Beagle Channel. Your Expedition Leader will give you an expedition overview outlining what the specific plans are for your trip. **

Expedition travel can be full of surprises! While it is our intention of adhere to the itinerary described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations.

DAY 3: Drake Passage & South Shetland - Day 3 & 4

Our adventure begins with an 1000km (600 mile) crossing of the passage that bears the name of the 16th century English explorer Sir Francis Drake. The M/S Expedition is at home in this part of the Southern Ocean, known for the unimpeded fetch of the winds that encircle the Antarctic. Enjoy daily lectures from the expedition team and keep an eye out for icebergs, whales, and albatross following in the G Expedition's wake. As the Expedition crosses the passage there will be time to become acquainted with the ship and frequent the common areas that include the lounge, dining hall, library and lecture hall where we meet our guides, ship's crew and expedition staff. Begin lectures and information sessions to learn the extraordinary human and natural history of the Antarctic region.

DAY 5 - Antarctica & South Shetland - Day 5

Duration

14 Days

Locations Experience some of the region's unique
Antarctic Peninsula, Antarctic Circle
culture and awe-inspiring scenery while
setting foot on the Antarctic continent.

Attempt two shore landings per day
(weather permitting) and encounter gentoo,
chinstrap, and Adélie penguin rookeries;
Weddell, crabeater, and leopard seals; and
orca, humpback, and minke whales in the
cold Antarctic waters. This is what we've all
been waiting for - a chance to step foot on
the Great White Continent! Over the next
four days the Expedition will navigate
southwards making stops in the South
Shetland Islands then through the
Bransfield Strait and to the Antarctic
Peninsula. Our goal is to attempt two
excursions per day while navigating through
the area but our itinerary and daily
schedule will be based on the local weather
and ice conditions. The peninsula also has a
remarkable human history; during the
voyage, learn about some of the most
important and dramatic expeditions to this
remote corner of the world.

DAY 7: Antarctic Peninsula & Polar Circle -
Day 7 & 8

With a close eye on weather conditions,
continue southward along the western coast
of the Antarctic Peninsula. Passing colossal
icebergs and countless colonies of penguins,
push on with the goal in mind - crossing the
Antarctic Polar Circle. Few travellers have
ventured this far south, but with our fully
equipped ice-strengthened vessel and
favourable sea conditions, the Expedition
can access many remote locations other
ships just can't reach. Expedition travel can
be full of surprises! While it is our intention
of adhere to the itinerary described below,
there is a certain amount of flexibility built
into the itinerary and on occasion it may be
necessary, or desirable to make alterations

Duration - Day 9 to 11

14 Days

Locations for the first time to continue
Antarctic Peninsula, Antarctic Circle and
Shetland Islands. Continue our exploration

of the peninsula and the then into the South
Shetland while moving North again.

Keeping a close eye out for wildlife there
might be opportunities to do some whale
watching or even go for a polar plunge in
the Southern waters.

DAY 12: Return across the Drake Passage

Leave Antarctica and head north across the
Drake Passage. In between bird watching
and whale watching and enjoying some final
lectures by the expedition staff, this is a
chance to relax and review the adventures
of the past week before returning to
Ushuaia. Remember, the best way to
experience the wildlife of the Drake Passage
is to be on deck keeping a look out for
Albatross, Prions and Whales!

DAY 13: Drake Passage to Ushuaia

Begin your journey to your home port of
Ushuaia. Review the highlights of your
Antarctic experience with our lecturers and
staff, and keep your eyes open on the
observation deck for some last-minute
whale sightings.
