Departure

Daily Sep-Apr (During the Patagonia Season)

Duration

4 Days

In the morning, you will be picked up by a

representative either from Punta

Chile or Puerto Natales and taken to

EcoCamp Patagonia, located in the world-

renowned Torres del Paine National Park.

Upon arrival at the Eco Camp, you will be

immediately greeted by the breathtaking

beauty of our surroundings. The camp

blends seamlessly with the natural

environment, and the eco-friendly design of

the lodging domes is inspired by the

traditional huts built by the Kawesqar, the

indigenous people of the region. Don't let

their simple appearance fool you - these

domes offer comfort and protection from the

elements. After settling in, we gather for a

delicious dinner and a warm welcome from

our hosts. Over the course of the evening,

we receive a comprehensive briefing on the

exciting activities available both at the

camp and in the surrounding park. Whether

you're interested in hiking, kayaking, or

simply taking in the stunning natural

beauty, our knowledgeable guides will help

you plan your adventure. \*While most

activities are included in your stay at our

Eco-camp, a limited number of extra cost

activities are available for you to choose

from. These optional activities are at your

discretion, and any fees associated with

them will be paid locally. Please note: The

available activities depend on a weekly

schedule, with three different options

offered every day, ranging from easy to

difficult. For details on the activities offered

on the specific dates of your travel, please

Departure

Daily Sep-Apr (During the Patagonia Season)

Duration

4 Days

Today, we commence our adventure with a location through the park, soaking in the breathtaking views of Paine Grande's snowy peaks and the black, granite spires of Los Cuernos. At Pudeto Dock, we pause to drop off Grey Trek travelers and capture photographs of the abundant guanacos, Andean condors, and unique flora. Our journey continues with a leisurely stroll along the shores of Lake Pehoe, where we witness the powerful Salto Grande waterfall, formed as Lake Nordenskjold spills into Pehoe. Next, we ascend to Grey Lake and explore its stunning beach. A delightful box lunch awaits us by the lake before we embark on a boat tour across the icy waters, towards the towering blue walls of Glacier Grey, offering an incredible close-up view of the glacier. Please note: The Grey Glacier boat tour is subject to availability and weather conditions. It is essential to confirm your reservation to participate on the day of your arrival. During the shoulder season (September, October, April), the boat trip may be canceled if the boat's minimum passenger requirement of 15 is not met. In such cases, we will organize an alternative excursion in the park.

### DAY 4: Depart Eco Camp
