DAY 1: Embarkation in Iquitos and Marañon

River

Our crew will be expecting your arrival at the airport, then transfer all together in our comfortable private vehicle. We will start you off with a lunchbox as we begin the journey to Nauta. Once here you will enjoy a VIP greeting at our private port along the shores of the Marañon River where the vessel awaits you. While the Delfin begins its initial navigation, you will enjoy the most fantastic panoramic views from the elegantly outfitted observation area located on our third deck. Your naturalist guide will give you an overview of your journey's schedule, activities, route, highlights, wildlife, and vegetation to keep your eye out for, geographical and historical background, and other useful details. Early in the evening we will head down into the Marañon River to a location known as Pahuachiro. This lovely spot is an ideal place to spend some time in search of birds and playful monkeys. As your naturalist guide spots various creatures for you, the landscape adorned by the usual colours of the sun's reflections is a great photo opportunity as you witness your first Amazon Rainforest Sunset. Please note: The Peruvian Amazon is a very remote region. Cruise and lodge operators design transfer schedules to align with specific incoming and departing flights to maximise their operations. Frequent flight schedule changes can also complicate matters. We strongly advise consulting with your booking agent prior to confirming your flights to avoid any potential long delays and/or missed connections.
