In the morning, you will arrive at San

Cristobal Island. After going through

Immigration and baggage claim, you will be

met by a Grand Majestic staff member and

transferred to the yacht. You will be shown

to your cabin where you will have some time

to settle in before lunch and a welcome

briefing. In the afternoon, your first visit

takes you to El Junco Lagoon. Located in the

highlands 19 kilometres from Puerto

Baquerizo Moreno, El Junco is located in the

caldera of an extinct volcano. Rainwater

feeds the lagoon. There are many farms and

ranches in this area of San Cristobal Island,

and sometime cows can be found near the

lagoon.

DAY 2: Floreana Island

In the morning, you will visit the famous

Post Office Bay. You will land on a beach

and head to a spot where 18th century

whalers placed a wooden barrel used as an

unofficial mail box. The custom continues to

this day with Galapagos visitors. So, don't

forget your postcards, and don't be

surprised if the post card arrives to its

destination before you even get home. Your

afternoon visit is to Cormorant Point. Here

you will enjoy a hike to a salt-water lagoon

which is home to flamingos. You will also

have a chance to snorkel around Devil's

Crown which is the rocky remains of an

offshore volcano sticking out of the water.

This is a great location to spot a wide range

of marine creatures.

In the morning, you will visit Suarez Point. On the trail you will have the chance to see Blue-footed boobies, albatrosses, and Nazca boobies. This island is the breeding site of nearly all of the world's 12,000 pairs of waved albatrosses. You will also visit a beautiful site on the ocean front where there is a cliff that the large albatrosses use as a launching pad! You will have the chance to see the famous blowhole that spurts sea water into the air. The landscape is great for photography. The afternoon excursion takes you to the spectacular Gardner Bay. After landing, you can walk across a lovely white-sand beach amongst a busy sea lion colony or dive into the water to swim with sea lion pups. You may also see curious mockingbirds on the beach.

DAY 4: Santa Cruz Island

In the morning, you will visit the Twin Craters located opposite to each other on both sides of the road leading from Puerto Ayora to Baltra. The name is only figurative; not real craters, these formations were created by the collapse of surface material in underground fissures and chambers. The view is breathtaking. After visiting the Twin Craters, you will be transferred to the Baltra airport to catch your flight to Guayaquil or Quito on mainland Ecuador.

Sustainability

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

As a Gold Corporate member of the Galapagos Conservation Trust, Royal Galapagos supports ongoing conservation efforts and projects in the Galapagos Islands.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.
