

The Arctic - Jewels of the Arctic 2027: Southbound | Sylvia Earle

Trip Code
ACAEJFL
Departure

Introduction

Discover the dramatic landscapes of East Greenland and Svalbard on this immersive Arctic journey. Cruise through iceberg-filled fjords, hike across colourful tundra, and encounter incredible wildlife such as polar bears, musk oxen, and whales. Explore remote Inuit communities and experience the true spirit of expedition travel in one of the planet's wildest regions.

This tour operates in remote and challenging environments, and in the spirit of expedition travel, we encourage you to adopt a flexible and adventurous attitude when joining our voyages. This itinerary is a guide only and is subject to change due to weather, sea state and other conditions beyond our control. On this voyage, we visit remote Inuit hamlets and settlements, where the local Inuit people still practice traditional hunting methods including whaling that some people may find confronting. If you find yourself feeling upset and disturbed by what you see, please alert a member of the expedition team immediately, who will do their best to address your concerns and take action to mitigate the problem, wherever possible.

Itinerary

DAY 1: Arrival and Overnight in Oslo

Having made your way to Oslo, you will be met by a representative and transferred to your group hotel. Upon arrival at your included hotel, please visit the hospitality desk to collect your luggage cabin tags and to speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket. The remainder of your time is at leisure. All meals today are at your own expense.

Departure

18/07/2027 Longyearbyen - Embarkation

Duration

15 Days

Locations

Svalbard, Greenland & Iceland

This morning, please ensure your cabin is adequately stocked with cabin tags clearly labelled with your name and cabin number. Enjoy breakfast at the hotel before Svalbard. We board for our charter flight to Longyearbyen for embarkation. Any valuables or personal items should be kept on you throughout the day. In Longyearbyen, explore the town on a guided tour. After the tour, you will be transferred directly to the pier to embark in the late afternoon. Settle into your cabin before attending important safety briefings and enjoy the thrill of departure as we 'throw the lines' and set sail. Note: the excursion is contingent on the arrival time of our charter flight to Longyearbyen.

DAY 3: Svalbard - Day 3 to 5

Svalbard offers Arctic wilderness at its best. Our experienced expedition team, who have made countless journeys to this area, will use their expertise to design our day-to-day itinerary, choosing the best options based on the prevailing weather, sea-ice conditions and wildlife encounters. Phenomenal fjords, magnificent mountain ranges and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, stretch our legs on walks across tundra coming out in brightly-coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard's largest little auk colonies. If you have chosen an optional activity such as kayaking, you'll have the option to enjoy the activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you'll hear the announcement to prepare for an exhilarating plunge, a memory you'll savour for years to come.

DAY 6: Greenland Sea - Day 6 to 7

As we sail towards the coast of East Greenland, we may encounter whales feeding in the rich waters of the north. As we approach East Greenland, be prepared to encounter more pack ice and perhaps spot seals and a variety of seabirds, including the northern fulmar and Brünnich's guillemot. The strong, icy currents have isolated East Greenland from the Polar Basin, attracting large numbers of fish, seals and whales. Climatic conditions and the concentration of ice in the vicinity often create thick morning fog that only vanishes in presence of the midday sun. Our experts will inform and entertain us with fascinating discussions on plants, animals, ice and heroic tales of exploration.

Departure

18/07/2027 - Inland - Day 8 to 13

Duration

15 Days

Locations

Swabard, Greenland & Iceland

In the coming days, a host of choices are available, and depending on ice and weather conditions, the east coast of Greenland is ours to explore. Our Swabard Expedition team will use their expertise to tailor our itinerary on a day-to-day basis. This allows us to make best use of the prevailing weather, ice conditions and encounters with wildlife. We generally attempt up to two landings or Zodiac excursions per day, including cruising along spectacular ice cliffs, following whales feeding near the surface. Be prepared to experience ice - and lots of it! East Greenland contains some of the Arctic's most impressive scenery. Deep fjords and narrow channels, flanked by sharp ice-clad peaks soaring up to 2,000 metres (6,562 feet), and glaciers birthing gigantic icebergs that drift throughout the fjord system, combine to create breathtaking scenes. The tundra landscape is home to musk oxen, arctic hare and reindeer. Throughout the area there are ancient Thule archaeological sites, historical trappers' huts, and the cabins of present-day Inuit hunters. A highlight is a visit to the Inuit village of Ittoqqortoormiit, the most isolated and northernmost permanent settlement in the region, with approximately 450 inhabitants. The community has an excellent museum, gift shop, an abundance of Greenlandic sled dogs and provides the opportunity to meet the friendly locals. We hope to explore Scoresbysund, the world's largest fjord and a favourite hunting ground of the local Inuit. Massive glaciers flow into this fjord, the birthplace of hundreds of majestic Greenland icebergs. It is a spectacular place that simply needs to be seen to be believed. North of Scoresbysund lie Kong Oskar and Kaiser Franz Josef fjords, two of the most significant fjord systems in Greenland, each one encompassing several smaller fjords and sounds. Thanks to the fertile volcanic soil and the surrounding mountains offering protection from strong winds, the area is rich in wildlife. You may spot everything from musk ox and arctic foxes to mountain hares, and even reindeer, near the fjord. Look skyward and you could catch a glimpse of birds, including the glaucous gull, black-legged kittiwake, northern fulmar, common raven and common eider. We will attempt to reach Kaiser Franz Josef Fjord, a remote and rarely visited fjord system with countless opportunities for exploration, located within the Northeast Greenland National Park. We hope to cruise through Kong Oskar Fjord, we marvel at the geological beauty of the mountains. We will then head south along the coast of Liverpool Land, with our passage dependent on ice conditions. We stretch our legs on hikes across tundra in search of ancient graveyards and summer villages occupied 3,000 years ago by Inuit. We may see musk ox, arctic hare and reindeer grazing. The maze of calm, interconnecting waterways in this area provides excellent opportunities for sea kayaking. We will see ring seals, perhaps catch a glimpse of the elusive marwhal, and maybe even a polar bear hunting on pack ice.

Departure

18/07/2027

Duration

DAY 14: Denmark Strait

15 Days

Crossing the Denmark Strait to Iceland,
search for whale blows and photograph the

Svalbard, Greenland & Iceland

Swamp birds to Greenland & the
ever-present Arctic winds. Reflect on your
recent adventures, perhaps share and
exchange photos, and breathe in the fresh
sea air.

DAY 15: Disembarkation in Reykjavik

During the early morning we arrive in
Reykjavik. Farewell your expedition team
and fellow expeditioners before transferring
to downtown Reykjavik or to Keflavik
airport to continue your onward journey. At
the conclusion of the voyage, we do not
recommend booking flights departing prior
to 12.00 pm on the day of disembarkation in
case there are delays. Important note: In
the spirit of expedition travel, we encourage
exploration and adventure offering
flexibility in challenging environments. This
itinerary is only a guide and is subject to
change due to weather, sea, pack-ice and
other conditions beyond our control.
