

## **Antarctic Peninsula** - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle

Trip Code  
ACAEFAS  
Departure

### Introduction

The Antarctic Peninsula and intriguing subantarctic islands are all visited on this epic adventure, which will take you on a journey beyond compare. Similar to the South Georgia and Antarctic Odyssey, but with more time spent in the FalklandsâMalvinas to learn about the islands' rich history and observe the incredible birdlife that inhabits there. Observe some of the largest king penguin colonies in the world in South Georgia. As you embrace the true spirit of discovery and adventure, immerse yourself in the peaceful grandeur of the Antarctic Peninsula.

### Itinerary

## Antarctic Peninsula - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle

Trip Code

ACAEFAS

Departure

24/10/2026 Arrival in Ushuaia

Duration

22 Days

Locations

Antarctica, South Georgia & the Falkland Islands

Ushuaia, where you will be met by a representative and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel.

Check-in is from 3.00 pm. This afternoon, visit the hospitality desk in the hotel lobby, between 3.00 pm and 7.00 pm, to collect your luggage tags, and confirm if you wish to join our Lake Escondido pre-embarkation tour tomorrow. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items. Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am - 8.45 am. The remainder of your time is at leisure. All meals today are at your own expense.

Departure

24/10/2026

Embarkation

Duration

21 Days

Locations

Antarctica, South Georgia & the Falkland Islands

Your name and cabin number. Take your

cabin luggage to hotel reception, prior to, or

at check-out. Your luggage will be stored

and transferred directly to the port for

clearance, to be placed in your cabin ahead

of your arrival on board. Please keep any

valuables or personal items with you

throughout the day. Those wishing to join

our Lake Escondido tour today, please meet

in the hotel lobby at 8.45 am. This tour

offers us an unforgettable panoramic drive

through big valleys of glacial origin,

evergreen and deciduous forests, waterfalls

and rivers, in the vastness of the Andes

Mountain Range. We will leave Ushuaia city

to the northeast of Tierra del Fuego, driving

through peat bog valleys to reach Garibaldi

Pass, only accessible by a winding road that

will take us to a panoramic point. From here

we will have amazing panoramic views of

Lake Escondido and, if weather conditions

allow, of Fagnano Lake. We will start our

descent towards the northeast to reach

Fagnano Lake's shore where we will visit a

local ranch. After appreciating the

landscape, you will have the chance to enjoy

the typical Fuegian Lamb barbecue. Enjoy

some free time there before returning to

Ushuaia for ship embarkation.

### DAY 3: At Sea

As we commence our trip across the South

Atlantic Ocean, we make the most of our

time getting comfortable with the motions

of the sea. Our expedition team prepare you

for our first landing with important wildlife

guidelines and biosecurity procedures and

start our lecture program to help you learn

more about Antarctica's history, wildlife and

environment. Our wildlife experiences begin

as we enjoy watching and photographing

the many seabirds, including majestic

albatrosses and giant petrels following in

our wake. They rise and fall skillfully, using

air currents created by the ship to gain

momentum.

Trip Code

ACAEFAS

Departure

24/10/2026

24/10/2026 - Falkland Islands - Day 4 & 5

Duration

2 Days

Locations

Antarctica, South Georgia & the Falkland Islands

The Falklands (also known as Malvinas)

comprises two large islands (East and West

Falkland), with over 700 islands scattered

off the coast. All but seven of these are

uninhabited, with windswept coastlines,

white sand beaches and crystal-clear water.

These beautifully barren islands are true

wildlife havens, sheltering an impressive

diversity of birdlife, including the largest

black-browed albatross colony on earth. The

cold, nutrient-rich waters surrounding the

islands make this a prime location for

spotting marine life. There are many

beautiful areas to explore across the

Falklands~Malvinas, each offering a unique

perspective on this magnificent archipelago.

Your experienced expedition team, who

have made countless journeys to this area,

will use their expertise to design your

voyage from day to day, choosing the best

options based on the prevailing winds,

weather and wildlife opportunities. Even

though we're north of the Antarctic

Convergence it can be quite chilly here, so

you will want to layer up before joining

Zodiac cruises into rocky coves or along sea

cliffs, keeping watch for seals, sea lions,

dolphins and penguins. On landings we may

visit albatross colonies, penguin rookeries

and perhaps even have a traditional English

'tea and scones' at a local cottage.

Conditions permitting, we aim to land in

historic Stanley, the capital of the

Falklands~Malvinas. This charming town

has a distinctly British character, with

terraced town houses, pioneer cottages and

even an iconic red telephone box! Colourful

buildings house cosy cafes, English pubs,

souvenir shops, a post office and the

fascinating Historic Dockyard Museum, with

displays on the maritime history of the

Falkland Islands, natural history and links

to Antarctica.

## Antarctic Peninsula - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle

ACAEFAS

Departure

24/10/2026 - Day 6 & 7

Duration

22 Days

Includes

Informative and entertaining lectures from our expedition team and learn about the wildlife, history and culture of the Antarctic, South Georgia & the Falkland Islands

Locations

places that you will visit on the voyage. You

may want to use the sauna and jacuzzis,

stay active in the gym or borrow a book

from our well-stocked library and relax in

one of the many observation areas on board

the vessel.

### DAY 9: South Georgia - Day 9 to 12

As you near the rugged island of South Georgia, spare a thought for Captain James Cook, who arrived here in 1775 and believed it to be the northern tip of a great southern continent! In fact, it is a small island only 176 km (110 mi) long, but with a 3,000 m (9,842 ft) snow-capped mountain range, some of the world's largest congregations of wildlife and a truly fascinating human history, South Georgia is an island of incredible riches. On approach, jagged mountain peaks rise steeply, while seabirds are often spotted soaring around the ship. Remember to layer up before joining Zodiac cruises around craggy coves and along the rocky coastline in search of nesting penguins, seal haul-outs and bird cliffs. Remember to keep an eye out for South Georgia's kelp forests as well - these remarkable underwater ecosystems are quite mesmerising as their fronds sway back and forth on the water's surface. Zodiacs will also shuttle you from ship to shore, where you can visit some of the largest king penguin colonies on the planet, take a guided walk among fur seals and elephant seals (making sure you listen to your guides and keep your distance!) and wander along pebbled streams and grassy glacial outwash plains. We also hope to visit the remnants of South Georgia's thriving whaling stations and pay our respects to Sir Ernest Shackleton, whose incredible voyage of survival is synonymous with this island.

Duration

20 Days weather conditions will determine

our departure time from South Georgia

Locations

Antarctica, South Georgia & the Falkland Islands

DAY 14: At Sea - Day 14 & 15

As we sail across the Scotia Sea towards the white continent, there is plenty to keep you occupied on board. Our expedition team will continue to share their wealth of knowledge about the wildlife, history and natural world as part of the onboard lecture series. You will have ample time to enjoy observing seabirds from the stern of the ship, keeping a close watch for whales and other marine wildlife, or simply enjoying the many facilities available to you on the ship. Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic albatrosses and giant petrels following in our wake. They rise and fall skillfully, using air currents created by the ship to gain momentum.

## Antarctic Peninsula - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle

Trip Code

ACAEFAS

Departure

24/11/2026 Antarctic Peninsula Day 16 to 19

Duration

22 Days

Locations

Antarctica, South Georgia & the Falkland Islands

When we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us. Because we are so far south, we will experience approximately 18-24 hours of daylight and the days can be as busy as you wish. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities. We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula. While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you will have the option to do participate in the activity whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! The polar plunge can take place at any time during the voyage, so listen out for the announcement from the expedition team and get ready for the most exhilarating dip of your life! In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge (open at the captain's discretion) for uninterrupted views of Antarctica in all its splendour. Listen out for the creak and deep rumble of glaciers as they carve into sea. Take a quiet moment to experience the wonder of the pristine paradise of the splendid white continent. If you have chosen an optional activity, you will have the option to do enjoy that activity whenever conditions allow.

## Antarctic Peninsula - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle

Trip Code

ACAEFAS

Departure

24/10/2026

Duration

22 Days At Sea - Day 20 & 21

Locations

Enjoy a final morning landing in the South  
Antarctica, South Georgia & the Falkland Islands  
Shetland Islands before we re-enter the

Drake Passage for our return journey to  
South America. With lectures and film  
presentations to complete our Antarctic  
experience, there is still plenty of time to  
enjoy the magic of the Southern Ocean and  
the life that calls it home. There is time for  
reflection and discussion about what we  
have seen and experienced. We hope you  
become ambassadors for Antarctica telling  
your family, friends and colleagues about  
your journey to this magical place,  
advocating for its conservation and  
preservation so that they might one day visit  
the region to experience what you have  
been lucky to see and do here. As we  
approach the tip of South America, our  
Captain may sail close to legendary Cape  
Horn, weather and time permitting.

DAY 22: Disembark in Ushuaia

During the early morning, we cruise up the  
Beagle Channel, before quietly slipping into  
dock in Ushuaia, where we will be free to  
disembark around 8.00 am. Farewell your  
expedition team and fellow passengers as  
we all continue our onward journeys,  
hopefully with a newfound sense of the  
immense power of nature. Upon  
disembarkation, for those continuing their  
travels in the region, transportation to the  
hotel will be arranged exclusively for guests  
who have booked their accommodations  
through Aurora or for those staying in  
downtown areas near the port.

Expeditioners departing on flights prior to  
12:30 pm will be directly transferred to  
Ushuaia Airport, those with flights after  
12:30 pm will have the opportunity to  
explore Ushuaia before an afternoon airport  
transfer, and the transfer procedures and  
details will be communicated onboard  
before disembarkation. Note: At the  
conclusion of the voyage, we do not  
recommend booking flights departing  
Ushuaia prior to 12.00 pm on the day of  
disembarkation in case there are delays.

**Antarctic Peninsula** - Falklands, South Georgia & Antarctic Peninsula | Sylvia Earle
