Introduction

This 13 day Antarctica cruise doesn't just explore the popular Antarctic Peninsula—it also ventures below the Antarctic Circle. On this cruise, you'll enter a different world rarely seen. On the peninsula, life feels more isolated and colder than further north, with great swathes of pack ice and dreamlike icebergs, but it also brings unique landscapes, wildlife, and a wonderful feeling of solitude and adventure. Thread through pack ice and narrow channels where scenes of ice-clad mountains, feeding whales and lively penguin colonies become lasting memories.

Begin your one-of-a-kind adventure from Ushuaia, where each day brings new opportunities. From spotting your first iceberg, eagerly watching for seals and penguins, to discussing the day's adventures over dinner, the secret wonders of the Antarctica Peninsula won't soon be forgotten.

It is impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of the fresh, crisp air on earth is an experience that will stay with you forever. Once we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us.

Because we are so far south, we will experience approximately 18-24 hours of daylight and the days can be as busy as you wish. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities. We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula. While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you will have the option to do that whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge for uninterrupted views of Antarctica in all its splendour. Keep an ear out for the creak and deep rumble of glaciers as they carve their way from summit to sea. Take a quiet moment to experience the wonder of this incredible white continent. On this voyage, conditions permitting, we plan to cross the Antarctic Circle, an imaginary line located at the Antarctic Circle at latitude 66°33' South (approximately). Crossing below The Circle is certainly a special highlight for many people, and the moment will be celebrated with a toast out on the deck (weather permitting). You have earned some boasting privileges, joining a small group of lucky adventurers who have ventured to this part of the world. As we approach and cross the Antarctic Circle, you will notice subtle changes in the landscape, and also in the distribution of wildlife. The waters at this time of year are rich with krill and we hope to see plenty of whales - particularly humpbacks and minkes and enjoy the spectacle of penguins feeding their ravenous chicks.

DAY 11: Crossing the Drake Passage - Day

13 Days

Locations

Enjoy a final morning landing in the South Antarctic Circle where we re-enter the Drake Passage for our return journey to South America. With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of the Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for Antarctica telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here. As we approach the tip of South America, our Captain may sail close to legendary Cape Horn, weather and time permitting.

DAY 13: Disembark in Ushuaia

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. On disembarkation, passengers on flights departing prior to 14:00 will be transferred directly to Ushuaia Airport, while those fortunate enough to be continuing their travels in this spectacular region of the world, will be transferred to their post-voyage Ushuaia accommodation.

Passengers flying after 14:00 will have time to explore Ushuaia, prior to an afternoon airport transfer, the details of which will be provided onboard prior to disembarkation.

Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.
