

Greenland - Northeast Greenland: Glaciers & Fjords | Ocean Explorer

Trip Code
ACQEANEG
Departure

Introduction

This itinerary focuses on the glaciers, fjords and Northern Lights of northeast Greenland to discover some of the planet's last pristine wilderness locations.

You may discover a variety of strikingly rugged landscapes while cruising along the remote north-east coast of Greenland, which is home to the world's largest fjord system. Since you will be in an area where the Northern Lights are frequently visible at night, you may even be able to end a day of Arctic exploration with a spectacular display of the Aurora borealis. Experience Greenlandic culture firsthand in Ittoqqortoormiit, explore historic Thule sites, and be in awe of the majesty of gigantic icebergs set against a breathtaking mountain backdrop while immersed in the wild beauty of the Arctic.

Itinerary

DAY 1: Arrive in Reykjavik, Iceland

Arrive in the Icelandic capital and make your way to your included hotel. You will have the rest of the day to explore this fascinating city, known for its Norse history, and stunning architecture.

Departure

05/08/2027

Duration

11 Days

This afternoon, you'll board your vessel and

begin your expedition. Get ready for a great

adventure ahead.

Greenland, Iceland & The Arctic

Adventure ahead.

DAY 3: Across the Denmark Strait

As we cruise north across the Denmark Strait, with views of Greenland in the distance, your Expedition Team will prepare you for the adventures that await. Learn about the storied history and politics of the Arctic, its fascinating wildlife, geology, ecology and climate, and the incredible sights you will soon explore. The team will also search for the seabirds soaring around your ship, as well as the whales that frequent the waters here.

Days to 8

11 Days

Expect the wonders of nature in
Greenland, Iceland & The Arctic

Segisvágsfjörður, where a spectacular
display of “geological art” awaits your
landing: alternating layers of limestone and
dolomite stretching before you in a
stunningly beautiful canvas created over
tens of thousands of years. In the afternoon,
cruise the natural beauty of Alpefjord and
pass by the impressive Selströms Glacier.

During your tour of Greenland’s remote
northeast coast, you’ll enjoy Zodiac cruises
and shore visits to several locations. We’ll
also keep an eye out for grazing muskoxen,
as 40 percent of the world’s population lives
in Northeast Greenland National Park. At
the entrance of the sound is East

Greenland’s most northerly community,
Ittoqqortoormiit, where you may spend time
interacting with the Inuit people and
learning about their way of life. Magnificent
vistas also await at Kong Oscar Fjord, with
possible landings at Ella Ø, renowned for its
rugged cliffs and ice-choked waters, and
flower-rich Botanikerbugt, on Ymer Ø.

DAY 9: Across Denmark Strait - Days 9 & 10

As your Arctic adventure winds down, take
in a presentation by our onboard experts,
share your photos, sip an icy cocktail in the
bar or spend time on the outer decks
watching for wildlife—there are many
activities during your time at sea. Your
Expedition Team will also be on hand to
answer any questions and point out wildlife.
