Referenced to as the 'Paris of South America',

Buenos Aires is considered as one of the

most livable cities in South America.

Antarctic Peninsula, Argentina, Antarctica

Although the bustling capital city has just

under 3,000,000 inhabitants and a

population density of 13,680 inhabitants per

square kilometer (34,800 per square mile),

it was rated in 2018 as one of the top cities

on the continent for its 'quality of life'.

Twinned with world cities such as Moscow

and Miami, Buenos Aires displays through

its architecture, a cultural past rooted in

both the Old and New Worlds. A vibrancy

for life can be seen everywhere. Crowded

public markets, street performers dancing

the tango, colorful graffiti-style street art,

ultra-modern buildings, a dramatic skyline

and a bustling port. Culturally, Buenos Aires

has the busiest live theatre industry on

Earth, outperforming New York, London

and Paris. Every weekend, over 300

theatres are active with plays and

productions. *Please note: Cruise itinerary

is subject to change depending on weather

conditions, ice conditions and other factors.

DAY 2: Fly to Ushuaia & Embarkation

Start your day by flying from Buenos Aires

to Ushuaia. Upon landing, our team will be

ready to pick you up at the airport and

ensure a seamless transfer to the ship for

embarkation. Once deemed too harsh for

European settlement, Ushuaia's rugged

beauty was the realm of its native

inhabitants - the Yahgan People. Today, it

holds the distinctive title of being the

southernmost city on Earth, often referred

to as 'the end of the world.' Situated along

the banks of the Beagle Channel, Ushuaia

unveils itself like an artist's masterpiece. A

mosaic of vibrant houses adds a splash of

color against the dramatic backdrop of

snow-capped mountains. Dominating this

breathtaking panorama is Monte Olivia, its

jagged peaks soaring 4,530 feet above the

landscape.
