Proceed with your voyage aboard the Ocean Explorer, where an experience beyond your wildest dreams is in store.

Afterwards, retrace the steps of historical explorers as you cross the treacherous Drake Passage to make your way back across the most fabled and thrilling waterway in the world. Anticipate the unexpected and be rewarded with exceptional natural features and fauna, with each highlight surpassing the previous one. Admire the contrast between a barren terrain and a plethora of animals, such as playful and inquisitive seals and penguins. And relish the thrill of being here on the continent for the first time.

There are few places in the world as evocative as Antarctica. The Antarctic Continent is indescribable and can only be fully appreciated through your own eyes. As your Captain and Expedition Team keep a lookout for whales and seabirds, you'll be alerted to any new sightings. Our team of expert presenters will deepen your experience with explanations of the glaciology, history and wildlife of the region, and presentations on photography to help you take memory-catching images.

Even more exciting are your daily excursions. Your first Zodiac landing is something you'll never forget! Walking on a shore inhabited by thousands of penguins is the most intimate way to experience the unique wildlife of Antarctica. Each landing is different and is dependent on weather, but every day presents new sightings and photo opportunities, and it won't be long before you can tell the difference between Adelie, gentoo and chinstrap penguins. You may take a Zodiac cruise in search of whales and icebergs one day, followed by a hike to a penguin rookery the next day.

From the booming sound of a calving glacier to the thrill of spotting apex predators like leopard seals and orcas in action, you'll wake up early and welcome each day with a sense of adventure and a desire to explore during this unrivaled wilderness experience. Your Expedition Team will accompany you all along the way, providing insights into the places you visit.
