09/01/2027 Port Stanley - East Falklands

Duration

20 Days

The archipelago's largest island, Stanley, is a lovely hub of activity nestled in a sheltered harbor. Here, the Falklands Islands

Museum has fascinating exhibits devoted to maritime exploration, natural history, and the 1982 Falklands War. We'll likely visit Gypsy Cove, part of the Cape Pembroke Peninsula, a National Nature Preserve.

Magellanic penguins, also known as Jackass penguins for the braying sound they make, breed here, nesting in underground burrows. Other native bird species include Black-Crowned Night Herons, Long-Tailed Meadowlarks, Two-Banded Plovers, and Upland and Kelp Geese. Nearby Ordnance Point is the final resting place for several World War II guns.

### DAY 6: Southern Ocean - Day 6 & 7

Things continue ramping up with plenty of birdlife sightings as we make our way east across the Antarctic Convergence and officially enter Antarctic waters. See if you can identify the world's largest bird, the Wandering Albatross. From soaring giants like the Southern Giant Petrel to the tiny Wilson's Storm Petrel, a range of impressive bird species will be hitching a ride on the updrafts created by ocean swells and waves. Be on the lookout for whale blows and our very first iceberg sighting.

We'll also visit the historic Grytviken whaling station, featuring the tiny graveyard where the great Antarctic explorer Sir Ernest Shackleton is buried.

### DAY 12: Scotia Sea - Day 12 & 13

Heading farther south, we'll continue our informative presentations and wildlife spotting as the icebergs become bigger and more plentiful.
