Itinerary

DAY 1: Kangerlussuaq, Greenland

Begin your journey by sailing out of Kangerlussuaq Fjord (Søndre Strømfjord), a 190-kilometre-long fjord surrounded by mountains and glaciers. Cross the Arctic Circle on your way and spend time on deck watching for aurora borealis.

Kangerlussuaq, the settlement at the head of the fjord, is a former US Air Force base. After your (optional) charter flight from Toronto, Canada, you'll transfer to the ship by zodiac. Please note that the charter flight cost is not included in your cruise fare and an additional cost applies.

DAY 2: Kangerlussuatsiaq Fjord
(Evighedsfjorden)

Kangerlussuatsiaq means “the rather big fjord” in Greenlandic, while the Danish name Evighedsfjorden translates to “the fjord of eternity,” underscoring its vastness and seemingly never-ending nature. See why Kangerlussuatsiaq Fjord lives up to its name and marvel at this complex coastal waterway that includes calving glaciers, sheer bird cliffs, and streams cascading against a towering mountain backdrop. Explore this sublime glacial landscape by ship and by Zodiac. The waters here are relatively warm, due to the West Greenland Current and the subarctic location.

commemorates this history and the apology
to people affected by the relocations, issued
by the government of Newfoundland and
