Question: After an early breakfast at the hotel, the

group will transfer to the airport and board

our private charter flight to Ushuaia,

Argentina. Upon arrival, you will be

transferred from the airport to a central

downtown location to explore this quaint

port town on your own before making your

way to the designated meeting spot for

transfer to the ship. After a late afternoon

embarkation, we will sail along the historic

Beagle Channel, which transects the Tierra

del Fuego archipelago in the extreme south

of South America. Excitement builds in

anticipation of your next stop: the Antarctic.

DAY 3: Crossing the Drake Passage - Day 3

& 4

Legendary for its high winds and rolling

seas, you may get lucky and have

surprisingly calm seas through the Drake

Passage. Spend your time in the lounge or

chatting with your fellow travelers. As you

gain your sea legs during the crossing, our

Expedition Team will begin their series of

presentations to help prepare you for your

upcoming Zodiac and land excursions. You

officially enter Antarctica when your ship

crosses the Antarctic Convergence, a

biological boundary that fluctuates around

60° south.

Duration

11 Days

The most common reaction upon reaching

the 7th continent is a sense of reverence

and awe. The experience is beyond words,

since few places are as untouched and

enduring as Antarctica. You will begin to

appreciate why this region has long

captivated the attention of explorers and

travelers alike. Every time we visit

Antarctica, we witness something new or

unexpected, which means that your

expedition will be unlike any

other—creating a unique, personal

experience. Each day, you will take Zodiac

excursions from the ship to explore

glaciated bays, channels and landing sites.

Your Expedition Team will take care of you

at each landing, whether you are hiking the

Antarctic landscape, visiting a research

station or consorting with chinstrap, Adélie

and gentoo penguins, all of which can be

found here. Keep an eye out for Weddell,

fur, crabeater and leopard seals as well as

curious whales, such as humpbacks, minkes,

or perhaps orcas while on a Zodiac cruise.

Each excursion will present a new array of

creatures to fascinate you and keep your

camera busy. Amid the serene silence of

Antarctica, noisy interludes become

indelible memories, such as penguins

squabbling over prized pebbles, or the boom

and crack of a calving glacier. Every day

will be different, having been carefully

crafted by your Expedition Team to inspire

and educate you about this wonderful part

of the world.
