Departure

Introduction

Embark on a 12-day Arctic adventure from Oslo to the remote reaches of Svalbard aboard a purpose-built expedition vessel. Explore towering glaciers by zodiac, traverse tundra in search of polar bears, arctic foxes, walrus and belugas, and experience majestic fjords, bird cliffs, and historic sites. This small-ship voyage offers expert-led excursions and an intimate connection to pristine Arctic wilderness.

This tour operates in remote and challenging environments, and in the spirit of expedition travel, we encourage you to adopt a flexible and adventurous attitude when joining our voyages. This itinerary is a guide only and is subject to change due to weather, sea state and other conditions beyond our control. On this voyage, we visit remote Inuit hamlets and settlements, where the local Inuit people still practice traditional hunting methods including whaling that some people may find confronting. If you find yourself feeling upset and disturbed by what you see, please alert a member of the expedition team immediately, who will do their best to address your concerns and take action to mitigate the problem, wherever possible.

Departure

24/06/2027 - 09/07/2027

Duration

11 Days

Having made your way to Oslo, you will be

met by a representative of Aurora

Expeditions and transferred to our group

hotel. Upon arrival at your included hotel,

please visit the Aurora Expeditions

hospitality desk to collect your luggage

cabin tags and to speak with our ground

operations team, who may have information

to share with you about pre-embarkation or

to provide you with information about

where to dine, withdraw cash or purchase

last minute items from a local pharmacy or

supermarket. The remainder of your time is

at leisure. All meals today are at your own

expense.

DAY 2: Longyearbyen & Embarkation

This morning, please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number.

Enjoy breakfast at the hotel before

transferring to the airport for our charter

flight to Longyearbyen for embarkation. Any

valuables or personal items should be kept

on you throughout the day. In

Longyearbyen, explore the town on a guided

tour. After the tour, you will be transferred

directly to the pier to embark in the late

afternoon. Settle into your cabin before

attending important safety briefings and

enjoy the thrill of departure as we 'throw

the lines' and set sail. Note: the excursion is

contingent on the arrival time of our charter

flight to Longyearbyen.

DAY 3 - Svalbard Days 3 to 10
Duration
11 Days

Svalbard offers Arctic wilderness at its best. The members of our experienced Expedition Team, who have made countless journeys to Svalbard, will use their expertise to tailor our day-to-day itinerary, choosing the best options, based on the prevailing weather, sea-ice conditions and the possibility of encounters with wildlife. Phenomenal fjords, magnificent mountains ranges, and a polar desert rich in fossils, set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, we stretch our legs on walks across tundra carpeted in brightly coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard's largest little auk colonies. If you have chosen an optional activity such as kayaking, you will have an opportunity to enjoy that activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you will hear the announcement to prepare for an exhilarating dip - a memory you will savour for years to come.

DAY 11: Longyearbyen to Oslo

During the early morning, we cruise back into Longyearbyen. Farewell your Expedition Team upon disembarkation and enjoy some free time before transferring to the airport for our charter flight back to Oslo. Note: the arrival time in Oslo is contingent on the approved allocated slot for our charter flight to and from Longyearbyen, which we expect to receive in March 2027.
