Departure

23/07/2027 St. John's, Newfoundland

Duration

15 Days by steep hills and guarded by the

location Narrows, St.

Canadian Arctic, Greenland, Labrador's

spiritual capital—is one of the world's great natural harbours and one of North

America's oldest cities. Brightly painted row houses climb the slopes beside Signal Hill,

where the Atlantic stretches endlessly

beyond. In its winding streets and lively waterfront, history and creativity thrive side

by side, filling the air with music, laughter,

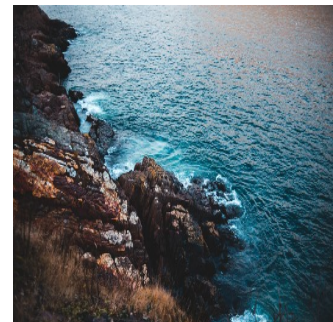

and the unmistakable spirit of

Newfoundland.

### DAY 2: Northeast Newfoundland

Follow the Labrador Current along Newfoundland's rugged northeast coast, where fishing villages cling to headlands shaped by wind and tide. It's cold waters once supported the greatest fishery in the world, king cod, drawing settlers to carve out lives along the rocky shores. These coastal communities, though ever adapting, still carry the imprint of their sea-going heritage. Out at sea, whales surface and seabirds wheel overhead, drawn by the nutrient-rich flow. Here, wild landscapes and enduring traditions meet, revealing a shoreline defined as much by people and history as by the restless sea itself.

Departure

23/07/2027 L'Anse aux Meadows

Duration

15 Days of Newfoundland's Great

Northern Peninsula lies L'Anse aux

Meadows, the only authenticated Norse site

in North America and a UNESCO World

Heritage treasure. Step back a thousand

years to when Norse voyagers made landfall

here, marking the first known meeting

between Europeans and the Indigenous

peoples of this continent. Wander among

grassy mounds and reconstructed sod

dwelling that bring the past to life, and

trace the stories unearthed by

archaeologists—guided by the sagas and the

clues preserved in the earth.

### DAY 4: The Labrador Coast - Day 4 & 5

Along the Labrador coast, sheer headlands

give way to quiet coves and forested valleys

that reach toward the sea. For centuries,

Inuit, Innu, and settler communities have

lived within this landscape of contrasts—its

beauty matched only by its demands. During

the great cod fishery, harbours once filled

with schooners, salt fish, and the rhythm of

seasonal life. Today, cultural sites and small

outposts echo those stories, revealing how

people and sea have long sustained one

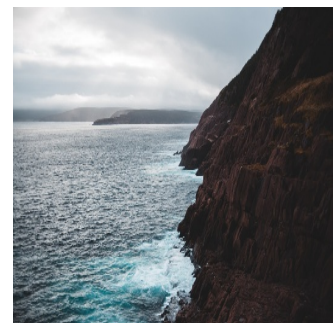

another. Guided hikes and Zodiac

excursions invite you to trace these same

shorelines, where every turn offers a

glimpse of Labrador's raw power and

enduring spirit.

DAY 6 - Nunatsiavut Community

Duration

15 Days

Come ashore in a Nunatsiavut community, where the spirit of the Labrador coast comes vividly to life. Here, history, art, and daily life intertwine, revealing stories of resilience, pride, and connection to land and sea. Walk through a community where tradition and modern life coexist—where voices rise in song, artisans share their craft, and every conversation offers insight into Inuit self-governance and cultural renewal. Framed by striking coastal hills and ancient rock formations, this visit offers a powerful sense of place and a deeper appreciation of Inuit Labrador.

### DAY 7: Hebron

Step ashore at Hebron, a former Moravian mission where the past lingers powerfully. In the 1950s, families here were forced to relocate, leaving deep scars still remembered today. Visit the preserved church, hear stories from descendants, and reflect at the commemorative plaque marking both loss and continuity. Meeting those who continue to return to hunt, fish, and honour their heritage makes Hebron a living story of displacement, memory, and return.

places in Canada, protected and co-

managed by Inuit to preserve both their

natural and cultural heritage. From the

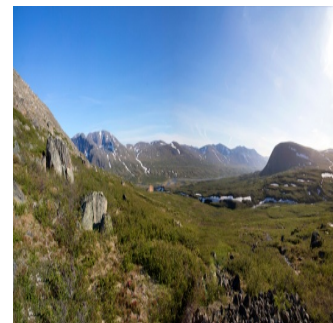

possibility of spotting polar bears along the

coast to hearing the wind move through

glacial valleys, every moment here feels

profound—a reminder of the power, beauty,

and spirit that define the Arctic.

### DAY 12: Crossing the Davis Strait

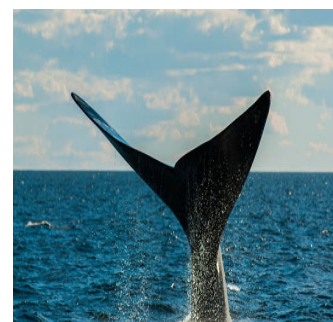

Cross the Davis Strait, a storied stretch of ocean connecting Greenland and Labrador.
