

Antarctica - Antarctic Women's Expedition: Spirit of Antarctica | Sylvia Earle

Trip Code
ACAESEWO
Departure

Introduction

This women's only Antarctic expedition offers an active small ship experience that balances exploration with genuine connection and insight. After time in Ushuaia, cross the Drake Passage with engaging talks, practical briefings and plenty of seabird spotting as anticipation builds for your first iceberg sighting.

Exploration focuses on the Antarctic Peninsula and South Shetland Islands, with regular Zodiac cruises and guided shore landings planned around the best weather and wildlife opportunities. Walk among penguin colonies, watch seals stretched out on the ice and keep an eye out for whales offshore, then return on board to warm up, share stories and relax in the lounges or wellness areas. With open bridge access and a program highlighting women's achievements in science and conservation, the experience feels both adventurous and meaningful without losing its sense of camaraderie.

Itinerary

DAY 1: Arrive Ushuaia

Arrive in Ushuaia, where you will be met by a representative of Aurora Expeditions and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel. Check-in is from 3.00 pm. This afternoon, visit the Aurora Expeditions hospitality desk in the hotel lobby, between 3.00 pm and 7.00 pm, to collect your luggage tags, and confirm if you wish to join our Lake Escondido pre-embarkation tour tomorrow. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items. Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am - 10.00 am. The remainder of your time is at leisure. All meals today are at your own expense. Assigned accommodation: To be advised

Duration

11 Days

Locations
Antarctica, Antarctic Peninsula

This morning, enjoy breakfast and check-out. Before your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number, take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day. Those wishing to join our Lake Escondido tour today, please meet in the hotel lobby at 8.45 am. This tour offers us an unforgettable panoramic drive through big valleys of glacial origin, evergreen and deciduous forests, waterfalls and rivers, in the vastness of the Andes Mountain Range. We will leave Ushuaia city to the northeast of Tierra del Fuego, driving through peat bog valleys to reach Garibaldi Pass, only accessible by a winding road that will take us to a panoramic point. From here we will have amazing panoramic views of Lake Escondido and, if weather conditions allow, of Fagnano Lake. We will start our descent towards the northeast to reach Fagnano Lake's shore where we will visit a local ranch. After appreciating the landscape, you will have the chance to enjoy the typical Fuegian Lamb barbecue. Enjoy some free time there before returning to Ushuaia for ship embarkation. Alternatively, enjoy your day at leisure and meet at your hotel lobby or from the meeting point at the parking lot near the pier (details will be given by our ground staff at the hotel), to be transferred to the pier for embarkation. Once onboard, you'll have time to settle into your cabin before our important mandatory briefings. As the ship pulls away from port, we'll gather on the deck to commence our adventure with spectacular views over Ushuaia and Tierra del Fuego. This evening, get to know your fellow expeditioners and friendly expedition team and crew at a welcome dinner to celebrate the start of a thrilling adventure to Antarctica.

Departure

03/03/2028 Drake Passage Crossing - Day 3 & 4

Duration

11 Days

Locations

Antarctica, Antarctic Peninsula

As we cross the Drake Passage crossing, we make the most of our time getting comfortable with the motions of the sea. Our expedition team prepare you for our first landing with important wildlife and conservation information. We start our lecture program to help you learn more about Antarctica's history, wildlife and environment. Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic albatrosses and giant petrels following our vessel. On sea days, you may can enjoy the facilities on board the vessel including the gym, wellness centre or the relaxing in one of the observation lounges. Nearing the South Shetland Islands and the tip of the Antarctic Peninsula on the afternoon of day four, the excitement is palpable with everyone converging on one of the observation decks watching for our first iceberg. The ocean takes on a whole new perspective once we are below the Antarctic Convergence and are surrounded by the surreal presence of floating ice sculptures. The memory of your first big iceberg sighting is likely to remain with you for a lifetime. Time and weather permitting, we may attempt our first landing in Antarctica by late afternoon.

Departure

03/03/2028 Peninsula - Day 5 to 8

Duration

11 Days

Locations
Antarctica, Antarctic Peninsula

It is hard to describe the feeling of arriving in Antarctica. Once we arrive, the Western side of the Antarctic Peninsula, the South Shetland Islands are ours to explore, and we have a host of Antarctic to Antarctic Peninsula. As far south, we will experience approximately 18 hours of daylight and the days can be as busy as you wish. We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and penguins. If you have chosen an optional activity, you will have the option to do participate in the activity whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! The polar plunge can take place at any time during the voyage, so listen out for the announcement from the expedition team and get ready for the most exhilarating dip of your life! In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding.

During the expedition we honour the women who work tirelessly to make the world a better place through their innovation, education and activism. If you are interested in the women who have inspired us, the hallways of each deck will introduce you to: Dr Sylvia Earle - Dr. Earle was the first female chief scientist of the U.S. National Oceanic and Atmospheric Administration; a National Geographic explorer-in-residence since 1998; and was named by Time Magazine as its first 'Hero of the Planet'. Dr. Carden Wallace AM - Principal Scientist Emeritus at the Queensland Museum since 2014, Dr. Wallace is a preeminent Australian scientist and the first curator/director of the Museum of Tropical Queensland from 1987 to 2003. She is an expert on corals and was part of a team that discovered the mass spawning of coral in 1984. In recognition of her contribution to marine science, Dr. Wallace was appointed a Member of the Order of Australia in 2021. Joanna Ruxton - Joanna has the rare distinction of being hailed as 'the person responsible for the plastic-free movement' by Sir David Attenborough himself. She spent many years at the BBC Natural History Unit working on the first Blue Planet documentary series. Sharon Kwok - In 2013, Sharon founded the AquaMeridian Conservation & Education Foundation to promote marine education and inspire the next generation to protect and preserve ocean biodiversity. Bernadette Demientieff - Bernadette is a passionate mother/advocate for the rights of Alaska and the Gwich'in people in northeast Alaska and northwest Canada. Dr. Asha de Vos - Internationally acclaimed Sri Lankan marine biologist, ocean educator and pioneer of blue whale research in the northern Indian Ocean, Dr. Asha de Vos founded Oceanswell, Sri Lanka's first marine conservation research and education organisation. Hanli Prinsloo - Hanli Prinsloo is the founder and executive director of I AM WATER, an ocean conservation foundation based in Cape Town, South Africa. Dedicated to protecting oceans through human experience, I AM WATER helps children in underserved South African communities experience the ocean's transformative beauty for the first time.

Duration

11 Days Passage Crossing - Day 9 &

11 Days

Locations: Starting landing in the South Shetland Islands before we re-enter the Drake Passage, on the way to the Antarctic Peninsula

South America. With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of the Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for Antarctica telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here. As we approach the tip of South America, our Captain may sail close to legendary Cape Horn, weather and time permitting.

DAY 11: Disembarkation

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. Upon disembarkation, for those continuing their travels in the region, transportation to the hotel will be arranged exclusively for guests who have booked their accommodations through Aurora or for those staying in downtown areas near the port. Expeditioners departing on flights prior to 12:30 pm will be directly transferred to Ushuaia Airport, those with flights after 12:30 pm will have the opportunity to explore Ushuaia before an afternoon airport transfer, and the transfer procedures and details will be communicated onboard before disembarkation. Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.

Inclusions & Details

Accommodation

Hotel & Cabin On board a Ship

Antarctica - Antarctic Women's Expedition: Spirit of Antarctica | Sylvia Earle
