DAY 1: Arrive Reykjavik & Embarkation

Duration

12 Days
Our adventure begins in Iceland's vibrant capital, Reykjavik. Famous for its modern Icelandic culture, excellent food scene, and relaxed atmosphere, Reykjavik is the ideal starting point for our Arctic adventure.

After boarding our expedition ship, Ocean Albatros, guests will enjoy dinner and champagne as we set sail out of Faxaflói Bay, following ancient Norse sea routes towards the wild Westfjords.

DAY 2: Isafjordur

Tucked in the heart of the Westfjords, Ísafjörður is surrounded by dramatic basalt mountains and deep fjords. Once a quiet fishing settlement, it became an international trade hub in the 16th century, with its rich waters attracting traders and ships from across the Atlantic. Today, the colourful houses, swanky downtown buildings, and visitors from around the world make a surprisingly cosmopolitan town centre. Chilly breezes and sweeping landscapes welcome visitors to explore the remoteness and beauty of this northern gem.

DAY 3: Siglufjordur and Grímsey

Siglufjörður, Iceland's northernmost mainland town, thrived during the herring boom of the mid-20th century, growing from a sleepy village to the hub of the country's fishing industry. Today, the herring still reigns supreme; the charming streets and Herring Era Museum showcase this proud heritage, while its jaw-dropping fjord setting offers rich bird-watching opportunities. Later, we sail to Grímsey Island, the only part of Iceland that crosses the Arctic Circle. A guided walk reveals its rugged beauty, curious, unafraid seabirds, and the symbolic Arctic Circle marker, 'Orbus et Globus', which is shifted annually to account for tiny changes to Earth's orbit.

Duration

12 Days Akureyri

Locations

Iceland

Nestled at the end of Eyjafjörður, Iceland's longest fjord, Akureyri is known as the 'Capital of the North.' Despite its small size, the city boasts a unique cathedral, the first botanical gardens in Iceland, massive geothermally heated swimming pools, and a lively cultural scene. Sheltered by surrounding hills from the worst of the Arctic weather, its rich volcanic soils support abundant agriculture, and the frigid waters of the fjord hold rich fish stocks - a treat for the discerning palate!

DAY 5: Husavik

Just beyond Akureyri lies Húsavík, Iceland's oldest settlement, founded by the Viking pioneer Náttfari in the late 9th century. Small but bustling, Húsavík has fully embraced tourism and is the undisputed whalewatching capital of Iceland. Where whalers once hunted, conservation and tourism now shelter these gentle giants. The town also offers museums, including one dedicated to whale conservation and research and another celebrating Iceland's contributions to exploration, in the Arctic, Antarctic, and even into space. No trip to Husavik is complete without a soak at the nearby Geosea Spa with views over Skjálfandi Bay.

DAY 6 - Dyrpivogur

Duration

12 Days

Situated on Iceland's scenic southeast coast,

Dyrpivogur is framed by fjords, mountains,

and rich bird habitats. It is the closest port

in the country to the Faroe Islands,

Scandinavia, and mainland Europe, and is

therefore a very popular port of call for

vessels exploring the North Atlantic.

Centered around the harbor, the town dates

back to the 16th century and is known for

its unique public art, including the Eggin í

Gleðivík (Eggs of Merry Bay) sculpture.

Hikers and birdwatchers are spoiled for

choice, with mile upon mile of nature

waiting to be explored. One of Iceland's

most beautiful black sand beaches is just a

short stroll from town and features a huge

variety of bird species.

DAY 7: Heimaey and Surtsey, Westman Island

Next we visit Heimaey, the largest of the

volcanic Westman Islands. Visitors can

explore the dramatic lava fields of Eldfell

volcano, and the world-renowned bird

colonies of the island. The residents of

Heimaey were severely tested in 1973,

when Eldfell volcano began to spew lava,

threatening the town and its vital harbour.

Heroic locals fought back, cooling the lava

with seawater jets to save their community.

Weather permitting, we cruise past Surtsey,

a newly formed volcanic island strictly

reserved for scientific research.

DAY 8: Disembark in Reykjavik

Returning to Reykjavik, we conclude our

voyage with lasting memories of Iceland's

wild landscapes, vibrant communities, and

extraordinary wildlife.
