Departure

Introduction

This comprehensive expedition offers an extended look at the Falkland Islands, South Georgia and Antarctica, three regions known for their wildlife, historical significance, research activity and remote landscapes. In the Falkland Islands, you will visit both remote western outposts and the capital of Stanley, with opportunities to observe penguin rookeries, albatross nesting sites, and a variety of native bird species. Museum visits and guided walks provide additional insight into the islands' heritage and conservation efforts.

The crossing toward South Georgia introduces travellers to the rich biodiversity of birdlife, whales and other marine mammals of the Southern Ocean as well as early-season icebergs. Several days in South Georgia allow for focused exploration, including access to large breeding colonies of penguins and seals, glacier-lined bays, the historic Grytviken whaling station and the grave of Sir Ernest Shackleton. Continuing south, navigate iceberg-filled channels in the South Shetland Islands and along the Antarctic Peninsula, with visits to scientific bases, active research areas, and key wildlife habitats to observe seals, whales, and multiple penguin species. Zodiac excursions, shore landings, and expert-led onboard briefings support a deeper understanding of this remote ecosystem. With more time on location, you have added flexibility for wildlife watching, photography and taking in the incredible scenery.

DAY 1: Arrive in Ushuaia

Duration

21 Days

After a friendly welcome at the airport, we'll

transfer you to one of our partnered

Falkland Islands, South Georgia, Antarctic Peninsula

Premium hotel resorts nestled in the

breathtaking Patagonian nature, where you

can take some time to unwind or go explore

the southernmost city in the world, Ushuaia.

Our optional evening briefing is your

opportunity to ask questions and meet some

of your fellow explorers.

DAY 2: Embarkation

Spend your morning relaxing at the hotel,

visiting a museum, or exploring the shops in

Ushuaia before our mid-afternoon escort to

the ship. Our Expedition Team and ship

staff will welcome you on board and get you

settled in, followed by a safety and

orientation briefing and our Captain's

welcome dinner. We're on our way to

Antarctica!

DAY 3: Southern Ocean

As we sail south, important briefings on

environmental regulations and expedition

safety will be held, and you won't want to

miss our scientific and environmental

experts as they begin their deeply

knowledgeable and always entertaining

talks about the wildlife, history, and geology

of the areas we will soon explore.

DAY 4: West Falkland Islands

We'll explore some of the westernmost

settled outposts in the Falklands/Malvinas, a

remote South Atlantic archipelago

renowned for its rugged terrain and cliff-

lined coast. As we stretch our legs along the

farmland and beaches, we'll have the

opportunity to visit albatross and penguin

colonies. Look for rockhopper, king, and

Magallanic penguin rookeries.

DAY 5: Stanley, East Falklands

21 Days

Locations
The archipelago's largest town, Stanley, is a
Falkland Islands, South Georgia, Antarctic Peninsula
lively hub of activity nestled in a sheltered

harbor. Here, the Falkland Islands Museum

features fascinating exhibits devoted to

maritime exploration, natural history, and

the 1982 Falklands War. We'll likely visit

Gypsy Cove, part of the Cape Pembroke

Peninsula National Nature Reserve.

Magellanic penguins, also known as jackass

penguins for the braying sound they make,

breed here, nesting in underground

burrows. Other native bird species include

black-crowned night herons, long-tailed

meadowlarks, two-banded plovers, and

upland and kelp geese. Nearby Ordnance

Point is the final resting place for several

World War II guns.

DAY 6: At Sea - Southern Ocean - Day 6 & 7

Things continue ramping up with plenty of

birdlife sightings as we make our way east

across the Antarctic Convergence and

officially enter Antarctic waters. See if you

can identify the world's largest bird, the

wandering albatross. From soaring giants

like the southern giant petrel to the tiny

Wilson's storm petrel, a range of impressive

bird species will be riding the updrafts

created by ocean swells and waves. Keep an

eye out as well for whale blows and our very

first iceberg sighting.

DAY 8: South Georgia - Day 8 to 11

Duration

31 Days

South Georgia is often referred to as the “Pearl of the Southern Ocean,” and it’s easy to see why as you take in its

Locations: Falkland Islands, South Georgia, Antarctic Peninsula

Thousands (not a typo!) of breeding penguins, seals, and seabirds. Breathtaking mountain scenery, majestically sculpted icebergs, glaciers in every direction, and a rich historical tapestry complement the incredible array of wildlife on view as we travel down South Georgia’s leeward coast. We’ll also visit the historic Grytviken whaling station, including the small cemetery where the great Antarctic explorer Sir Ernest Shackleton is buried.

DAY 12: Scotia Sea - Day 12 to 14

Heading farther south, we’ll continue our informative presentations and wildlife spotting as the icebergs grow larger and more plentiful.

DAY 15: South Shetland Islands Antarctica - Day 15 to 18

Here we’ll explore a variety of picturesque bays and famed landing sites, maneuvering through iceberg-rich channels as we travel alongside an array of wildlife. There will be opportunities to stop at several active scientific bases and historic landing sites as we observe a wide range of penguin species, seals, and whales along the rugged coastlines and in the surrounding waters.
