Considered one of Iceland's most impressive waterfalls, the thunderous Dynjandi waterfall in the westfjords region gives the impression of a bridal veil as it spreads down ever-growing cascades. The walk takes 15 minutes passing five smaller waterfalls.

### DAY 3: At Sea

Spend your day at sea enjoying the facilities available onboard. Head to the sauna, get in a workout in the state-of-the-art gym or relax in the hot tub while taking in incredible views along the way. ### DAY 4: Ittoqqortoormiit

One of the world's most remote towns and the most isolated community in Greenland, Ittoqqortoormiit is largely inaccessible by ship for nine months of the year. Founded in 1925 by Danish explorer Ejnar Mikkelsen and Inuit settlers, it is home to 450 residents who mostly rely on hunting and fishing. The community preserves Greenlandic traditions, from harvesting qiviut-the prized muskox underfur-to maintaining sled dogs and wearing national dress.

DAY 5: Scoresbysund

Duration

11 Days

The world's largest fjord system,

Scoresbysund spans over 350 km into

Greenland's interior. This vast network of

fjords, glaciers and icebergs is framed by

towering basalt mountains, which shield

Greenland's wildlife from Arctic winds.

Muskoxen, Arctic foxes and mountain hares

roam the land, while little auks, puffins,

fulmars, snowy owls, gyrfalcons and great

black-backed gulls soar overhead. Seals and

whales are common sightings in the waters.

### DAY 7: Kong Oscar Fjord

Kong Oscar Fjord marks the northern edge

of Scoresbysund and leads to Northeast

Greenland National Park, the world's

largest national park. Its vast valleys open

to the sea, framed by towering mountains,

deep waters and shimmering ice. This

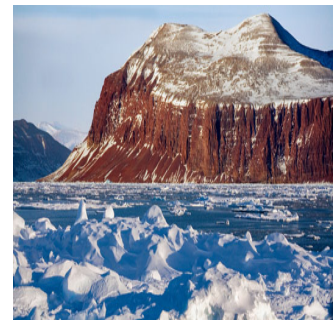

dramatic, hostile yet beautiful landscape

features Berzelius Bjerg, a striking

mountain with colourful strata, formed

millions of years ago when these peaks lay

beneath the ocean.
